Molecular Systems
Engineering

SEMINBAR

@ JAY'S

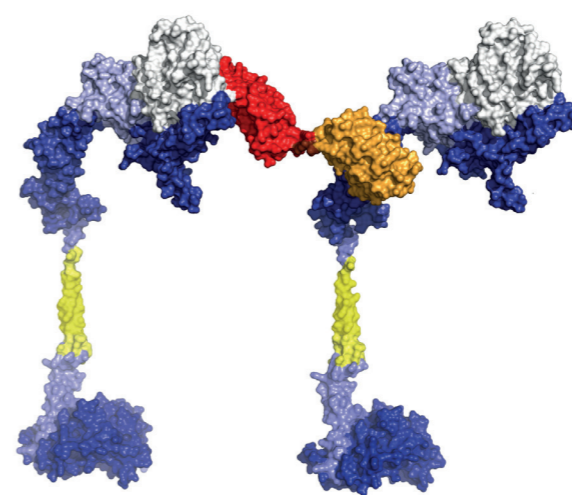

WED. 28 OCTOBER 2015, 6 PM

Ackermannshof, St. Johannis-Vorstadt 21, Basel, free entrance.

PROF. DR.
ANDREAS PLÜCKTHUN

Influencing cells with man-made proteins: Interdisciplinary research centered on protein engineering, combining protein design, directed evolution and applications.
Department of Biochemistry, University of Zurich.

The SeminBar features international scientists relevant to molecular systems engineering.

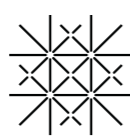

After 9pm: 1st International Oktoberfest

After the seminar, starting at 6pm, the first International Oktoberfest organised by students will follow at the bar from 9pm 'til midnight. Expect a typical Bavarian style party with free beer while it lasts, quiz and DJ Morbus Nova. Everyone welcome.

SWISS NATIONAL SCIENCE FOUNDATION
