

3RD WOMEN IN CAREER SYMPOSIUM IN PHYSICS

SEPTEMBER 10, 2024

@SPS ANNUAL MEETING

Universität
Zürich^{UZH}

UNIVERSITÉ
DE GENÈVE

The symposium aims to boost female early-career scientists from the undergraduate up to postdoctoral stages. The event is organized by the SPS commission for Diversity, Equity and Inclusion and will feature a series of career talks, which will provide information on navigating a career in physics from the personal perspective of invited speakers covering several career levels. Participants can apply for the associated professional and mentoring network in physics.
