

Online access to Laboratory Animals

1. Login with an existing active account

For login use your current login details (name and address stored in the SGV database).

User:	[Last name]
Password:	email without @domain.xxx

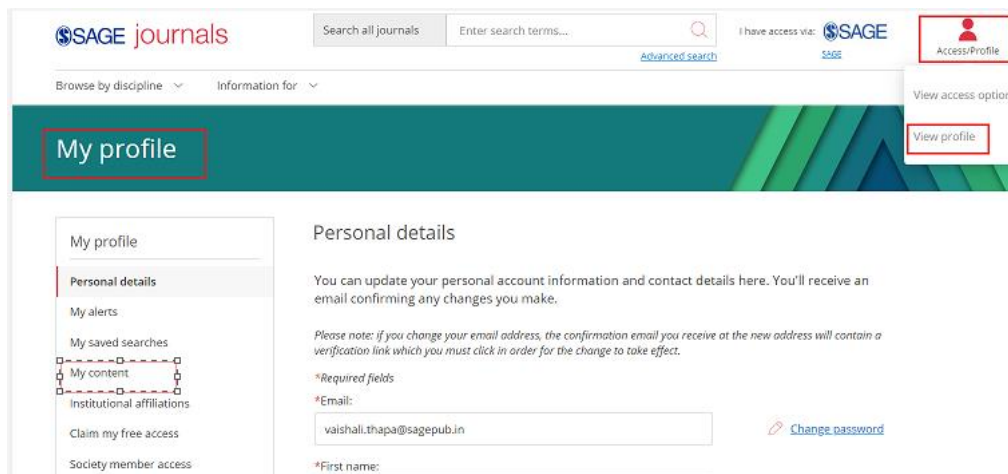

2. Setting up an account for the first time, or your account has been inactive

To access the journal online for the first time or to reset your password:

- Go to <http://journals.sagepub.com/login>
- Click on **Create Profile** to set up an account
- If you want to reset your password, then click on **Access/Profile** to see a drop-down list and click on **“View profile”**
- Which will take you to a sign in area where you have to click to **forgotten your password**
- Enter your email address (as provided in your order), click on **Submit**
- You will receive an email containing a link to set your password
- Click on that link and set your password

You will then be logged into Sage Journals, hover over **Access/Profile** to see a drop-down list and click on **View Profile**, which will take you to **My Profile** area, here you can edit your account details and access your online journals by clicking on **My Content** on the left side menu.

Attached is the screenshot for your reference.

Once you have set up your account you can login at <http://journals.sagepub.com/login>

To sign out of your account, click on your name at the top and then click on **Sign Out**

If you need any assistance with online access, please contact our Global Online Technical Support Team at Society.Technical.Support@sagepub.com
