

Dear Reader,

As already announced, the 2021 [Annual Meeting](#) is organized by the [Swiss Physical Society](#) and the [Austrian Physical Society](#) jointly to continue the well established tradition of holding the respective meetings together every two years, alternating the conference location between

Switzerland and Austria. This year's edition will take place in Austria in the week **30 August - 3 September** at the "Campus Technik" of the University of Innsbruck, and the plan is to hold the conference in the usual way (in presence).

We are pleased to inform you that **the abstract submission deadline has been extended to Monday June 14 at 12h00 (midday)**. The registrations will be open until August 10 2021. Please visit [this website](#) to submit your abstract and register.

After the very difficult year we all went through, we are looking forward to meeting you in Innsbruck!

The Swiss Physical Society (SPS) unites persons interested in physics from university, schools, research, development and industry. The SPS promotes the scientific exchange of ideas in Switzerland and with its international environment.
