Science and Policy

Platform of the Swiss Academy of Sciences

ProClim

Forum for Climate and Global Change

Objectives

The Swiss Global Change Day is an event where the global change and Future Earth community can meet and discuss ongoing problems in a transdisciplinary manner. The aim is to present recent highlights in global environmental change research as well as to point out challenges for future research. Besides, there is an opportunity for people from governmental institutions and the private sector to ask questions and explain their needs and views on the topics presented.

Poster session and awards

The poster session is an opportunity to stay in touch with current Swiss research activities. Posters in the research area of global change will be awarded by a jury. The winners (students or post-docs) will receive a travel award of CHF 1000 each, which allows them to attend an international conference in the current year. The poster awards are sponsored by ACP, Future Earth National Committee and SAGW.

Terms to attend the contest: We ask you to send us a pdf file of the poster until 31 March 2017.

Posters can be submitted in the following categories:

- Geosphere | Biosphere
- Atmosphere | Hydrosphere
- Human Dimensions | Sustainability

Location

Freies Gymnasium
Beaulieustr. 55
3012 Bern

Please take bus no. 11 direction 'Neufeld P+R', get off at the 5th stop 'Brückfeld' and cross the street. It is the big red building in front. The trip takes about 15 minutes from the main station.

Programme

8.30	Coffee Preparation of posters
9.00	Introduction Heinz Gutscher, Chair of ProClim
9.10	Global Weirding or insignificant change? Extremes in a changing climate Erich Fischer, ETH Zürich
9.45	Climate and climate extreme effects on biogeochemical cycles – an observation driven exploration Markus Reichstein, Max Planck Institute for Biogeochemistry, Jena, Germany
10.20	Coffee break posters
11.10	Tackling environmental problems in developing countries: systematic behavior change for the most vulnerable Hans-Joachim Mosler, University of Zürich
11.45	Lunch posters
13.45	Surprise
14.15	Understanding collective (in)action on climate change: contributions of communication and critical social research Anabela Carvalho, University of Minho, Portugal
14.50	Acceptance of new policy measures: evidence from climate adaptation and mitigation Karin Ingold, University of Bern
15.25	Coffee break posters
15.50	Current knowledge on climate tipping points: should we change climate policy? Tim Lenton, University of Exeter, United Kingdom
16.25	Poster awards
16.40	Closure
