Science and Policy  
Platform of the Swiss Academy of Sciences

ProClim  
Forum for Climate and Global Change

#SGCD19

## Objectives

The Swiss Global Change Day is the once a year event organised by ProClim where well-known experts present challenges and highlights of climate and global change research covering a broad range of topics. It is an opportunity to show research results by posters and to discuss them with colleagues. The most attractive and comprehensive posters will be honoured with a travel award of CHF 1000.–.

## Poster session and awards

Posters in the research area of global change will be awarded by a jury. The winners (students or post-docs) will receive a travel award of CHF 1000.– each, which allows them to attend an international conference in the current year. The poster awards are sponsored by ACP, SAGW and ProClim.

Terms to attend the contest: We ask you to send us a pdf file of the poster until 25 January 2019.

Posters can be submitted in the following categories:

- **Geosphere | Biosphere**
- **Atmosphere | Hydrosphere**
- **Human Dimensions | Sustainability** (including: Environmental Consciousness, Communication, Values, Behaviour, Transformation, 'Turning Knowledge into Action')

## Location
