## STEM Learning with Projectiles

Using projectiles to engage early years primary school students in STEM education.

Using space and rockets/projectiles as a theme to encourage students to become interested and engaged in mathematics, science, technology and engineering and arts.

Encouraging active learning by

- Questioning
- Observing
- Decision-making
- Designing
- Making and researching
- Being enthusiastic

Using space as a topic to encourage young students to take an active interest in STEM and STEAM subjects.

- Focus on
- curiosity
  - collaboration
  - creativity
  - critical thinking
  - communication
  - inquiry-based learning

**Active Learning is FUN!**
