

Instructions

Login to Mural

You can either participate in Mural as a visitor or create an account for free.

If you participate as a visitor, please enter your name. That way we will be able to get back to you in case we have further questions on some recommendation or comment you left.

Continue as a visitor

The screenshot shows a login interface for a visitor. It features a green circular profile picture placeholder with a panda icon. To the right, there is a text input field labeled "Your name" containing the text "Maria XYZ, Visiting Panda". Below the input field, there is a red button labeled "View as a visitor". At the bottom, there is a small line of text: "By continuing, I agree to MURAL's [Collaborator Notice](#) and [Privacy Notice](#)".

Technical instructions how to use Mural

There are two ways to move through the survey step by step.

- 1) The outline (top right) serves as a "table of contents" and takes you to the right place on the mural. This also makes it easy to go forwards and backwards.
- 2) At each step you'll find a red "next step" box with a link to the next question.

To **zoom in and out** use the scroll from your mouse or the zoomer on the bottom to the right of the board.

To answer the question, use a **sticky note**. New notes can be added by double-clicking on the board. The size can be adjusted by moving a corner or the edge. The note can be moved on the board using drag & drop. Please do not cover another note with your own.

To **add a comment** to a note or to supplement it, a comment can be added with the right mouse button or a note can be added to an existing one.

The **map** (bottom right) can also be used for orientation on the board.

Further instructions

Please write a few sentences to explain your thoughts as concretely as possible. A buzzword (such as "power") alone says little. If you would like to give us further feedback, please contact **Elisabeth Schubiger** (elisabeth.schubiger@scnat.ch).

Thank you very much for your feedback and input!
