

STUDENT TRAVEL GRANT

Conditions

- being a MS or PhD candidate in a Swiss research institution
- having a research project that includes **SYSTEMATICS**
- submitting a talk or a poster to an international conference, or...
- planing a visit to a Swiss or international natural history collection
- being a member of the SSS (10 CHF for students)

edition
2024

The conference or collection visit has to take place in 2024. Please note that the grant might not cover all your expenses. We plan to support several students, and particular meetings might sometimes be favoured. Projects of applicants who do not have financial support from their own institution will be favoured.

To apply, send to swisssystematics@gmail.com before **30.04.2024**

- A description of the project (max. 1 page, EN)
 - if applicable, including an abstract of the presentation or poster
 - the budget requested
 - your motivation to attend the meeting or visit the collection
- A short curriculum vitae (max. 1-2 pages, EN)
- A letter of support of your supervisor, with indication about the (un)availability of other funding for the trip
- If you want to visit a collection, a letter of confirmation of hosting from the collection-holding institution you would like to visit

The grants will be awarded on **31.05.2024**.
