General Assembly & Symposium 2024

Date

Friday, 29 November 2024, 12:15 pm - 6:00 pm

Venue

University of Bern, Main Building, Hochschulstrasse 4, 3012 Bern, Kuppelsaal (dome hall). [Directions](#)

The symposium is open to all who are interested in weather and climate. In particular, we invite professionals working in climate and atmospheric sciences including Master and PhD students, employees of private and national weather services, private companies dealing with climate and weather, and retired professionals. The symposium is free of charge, and coffee and snacks will be provided. SGM members and everyone interested in the SGM and its activities are invited to attend the general assembly prior to the symposium.

Please register until 22 November 2024 at

https://sgm-meteo.ch/de/activities/anmeldung_symposium_generalversammlung

Table Talks

Master students from Swiss universities have the possibility to present the status of their master thesis to small groups of listeners. Each round of talks will last about 10 minutes and the audience is invited to learn more about the different projects, ask questions, and give the students some tips in this informal setting. PhD students are invited to discuss their projects as well. Please indicate your contribution at the online registration.

SwissMeteoPhoto Contest

Submit your best picture of any meteorological phenomenon you have seen in and around Switzerland. The pictures will be rated by the participants of the symposium and the best three pictures will be awarded. You can upload your image until 28 November 2024: <https://pollunit.com/polls/swissmeteophoto2024>

Program
