"Choose
collaboration
rather than
competition"

"Look inward rather
than outward
and follow your ideal"

Guests

Prof. Simone Schürle, ETH-Z,
scientist, entrepreneur, Global
Futures Council (WEF) Fellow

Let's make small changes today for a better research culture tomorrow!

The Swiss Academy of Sciences (SCNAT) has developed the “We Scientists 2035” workshops to inspire positive changes in our daily research environments. The workshops are open to natural scientists of all career stages as well as academic support staff.

The number of participants is limited to 100.

Register at:
scnat.ch/WS2035day

Programme

- 13:00 Arrival and registration
- 13:30 Welcome (Prof. Marcel Tanner, president SCNAT)
& Prof. François Bussy (Vice Rector “Research and International Relations”, UNIL)
- 13:55 Warming up for change with The Catalyst, science-improvisation group
- 14:15 Workshop “We Scientists 2035”:
Part 1: Exploration of speculative design scenarios
Part 2: Picturing the ideal research culture
Part 3: Generating the first steps to change
- 16:40 Collection of ideas and acting out change with The Catalyst
- 17:10 “Changing research culture”:
discussion with Prof. Jacques Dubochet
and Prof. Simone Schürle
- 18:00 Apéro
