

Rigi Workshop 2018

Network and interactions – from species to communities

Preliminary Program

January 21-23, 2018, Rigi Kulm Hotel

Sunday, January 21

12:45 – 13:30	Arrival / Check-in / Registration / Installation of posters
13:30 – 13:50	Opening and presentation of the aim of the workshop
13:50 – 14:30	Introduction of instructors (presentation of own research)
14:30 – 15:30	Miguel Fortuna , University of Zurich, <i>The Web of Life: a database approach to characterize the structure and dynamics of ecological networks</i>
15:30 – 16:00	Break
16:00 – 17:00	Presentation of group work
17:00 – 19:00	Group work (concept)
19:00 – 20:30	Dinner
20:30 – 22:00	Student presentations and poster session I (own research topics)

Monday, January 22

08:00 – 08:30	Breakfast
08:30 – 10:30	Short presentation of group work results (concept of projects)
10:30 – 10:45	Break
10:45 – 11:20	Christoph Scheidegger , WSL <i>Mutualistic interactions: Ecology, Evolution and Conservation</i>
11:20 – 11:55	Ina Dietzsch , University of Basel <i>Complex networks of human und non-human elements in cultural anthropology</i>
11:55 – 12:30	Daniel Croll , University of Neuchâtel <i>Host-parasite interactions</i>
12:30 – 15:30	Lunch and free time
15:30 – 16:10	Talk 5: Miguel Fortuna , University of Zurich <i>Coevolving networks: a computational approach to explore the role of coevolution in shaping biodiversity</i>
16:10 – 19:00	Group work (formalization and run computer models)
19:00 – 20:30	Dinner
20:30 – 22:00	Student presentations and poster session II (own research topics)

Tuesday, January 23

08:00 – 09:00	Breakfast / Check out
09:00 – 12:00	Group work
12:00 – 13:00	Lunch
13:00 – 15:00	Final presentation of group work
15:00 – 15:30	Closing remarks and awards of student presentation and poster
16 :00	Train departure
