

Program Summer School 2018, August 6-10, 2018, Alpine Biology Center, Piora

Timetable	Monday	Tuesday			Wednesday			Thursday			Friday
07:00-08:00	Individual travel to Airolo Arrival: 13:15	Breakfast			Breakfast			Breakfast			Breakfast
08:00-12:00		Group 1: Lichenes outdoor	Group 2: Lichenes outdoor	Group 3: Lake Cadagno field work and Plankton sampling	Group 1: Lake Cadagno field work and Plankton sampling	Group 2: Microbial mats, field and lab measurements	Group 3: Lichenes outdoor	Group 1: Plankton sampling microscopic observation	Group 2: Lake Cadagno field work and Plankton sampling	Group 3: Microbial mats, field and lab measurements	Presentation of results, wrap-up and closing discussion
12:00-13:00		Lunch			Lunch			Lunch			Cleaning
		Lunch			Lunch			Lunch			Lunch
13:00-17:00	Common transport to Piora	Group 1: Lichenes laboratory <i>Christoph Scheidegger</i>	Group 2: Lichenes laboratory <i>Christoph Scheidegger</i>	Group 3: Lake Cadagno lab analyses chemistry and microbiology <i>Nicola Storelli</i>	Group 1: Lake Cadagno lab analyses chemistry and microbiology <i>Nicola Storelli</i>	Group 2: Plankton sampling microscopic observations <i>Andreas Bruder</i>	Group 3: Lichenes laboratory <i>Christoph Scheidegger</i>	Group 1: Microbial mats, field and lab measurements <i>Matthieu Bueche</i>	Group 2: Lake Cadagno lab analyses chemistry and microbiology <i>Nicola Storelli</i>	Group 3: Plankton sampling microscopic observation <i>Andreas Bruder</i>	Common transport to Airolo
											Didactic path Ritom, Geology, introduction to the Val Piora, field observations in two groups f/d, Raffaele Peduzzi, Mauro Tonolla
17:00-18:00	Arrival at the Alpine Biology Center										
18:00-19:30	present different subjects	ev. visit of cheese factory			Presentation MiniON, <i>Michela Ruinelli</i>			ev. visit of cheese factory			
19:30-22:00	Dinner and social life	Dinner and social life			Dinner and social life			Dinner and social life
