Present your research: Poster session and awards

In addition to the extensive programme, plenty of time is provided to present your own research or organisation with a poster or at a stand and to network with colleagues.

Are you a student or postdoc? Enter the poster competition.

Posters from students or postdocs in the research area of global change will be awarded by a jury: The winners will be honoured with a travel award of 1000 francs each, which allows them to attend an international conference in the current year. The poster awards are sponsored by ACP, SAGW and ProClim.

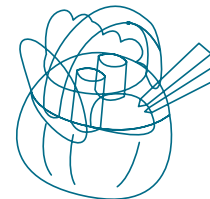

Terms and Conditions to enter the contest

Posters must be submitted by **2 April 2024, 12:30 noon**.

Posters can only be submitted after prior registration for the event. As soon as you have registered, you will receive a separate e-mail with further instructions on how to submit your poster.

Former winners may no enter the contest.

For the detailed Terms and Conditions and further information check our event website: proclim.ch/id/EdMcf

Posters can be submitted in the following categories:

Geosphere · Biosphere

How the biological, chemical and physical processes interact and respond to climate change with topics including carbon cycle, land use and cover changes, biodiversity, past climate changes and others.

Atmosphere · Hydrosphere

Understanding of the physical climate system and hydrological processes, with topics including predictability of climate, stratosphere-troposphere, water cycle, radiation and energy transmission, cryosphere and others.

Human Dimensions · Sustainability

How humans affect and are affected by climate and global change, with specific topics including environmental consciousness, communication, values, behaviour, transformation, 'turning knowledge into action'.

Scientific Organisations

Would you like to present your organisation and its work with a poster or/and a stand? Get in touch with us directly: proclim@scnat.ch

Programme

8.30 Coffee • Preparation of posters

9.00 Introduction

KARIN INGOLD, President of ProClim

9.10 Why we need an IPCC Special Report on Tipping Points

THOMAS STOCKER, University of Bern

9.45 Decarbonization Transition: Navigating the Challenges

VALENTINA BOSETTI, Bocconi University, Milan

10.20 Coffee break • Posters

11.10 Cleaning up after ourselves: The role of carbon dioxide removal for reaching the Paris climate goals

SABINE FUSS, Mercator Research Institute on Global Commons and Climate Change, Berlin

11.45 Exchange of experience on COP28

GÉRALDINE PFLIEGER, University of Geneva

12.00 Lunch • Posters

13.45 Surprise

14.15 Pathways towards net-zero healthcare systems

NICOLAS SENN, University of Lausanne

14.50 From global change to regional weather and climate impacts: What we know and remaining uncertainties

ROBERT JNGLIN WILLS, ETH Zurich

15.25 Coffee break • Posters

15.50 The built environment: The field of action where the fight against Climate Change will be won or lost

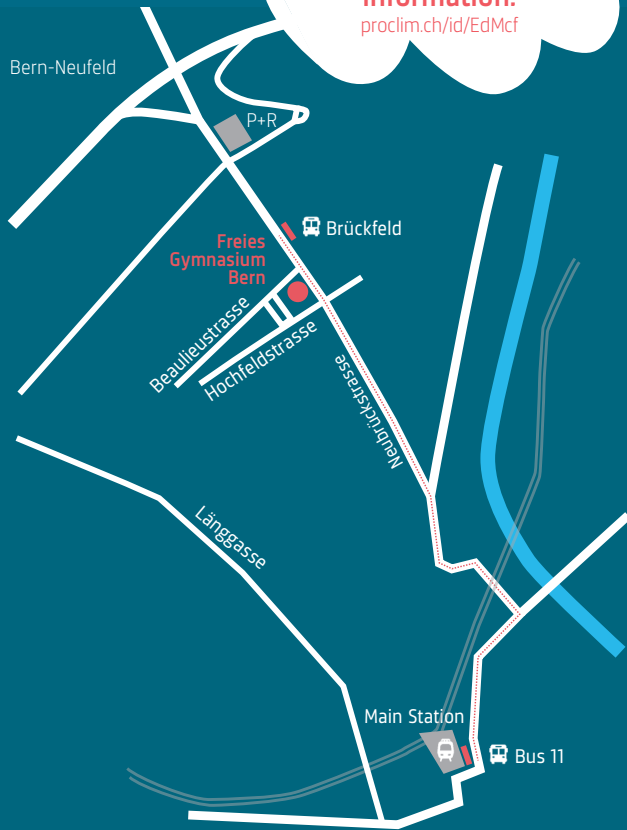

DIANA ÜRGE-VORSATZ, Central European University, Vienna
(attends online)

16.25 Poster awards

16.40 Closure

16.50 Apéro

Registration and further information:
proclim.ch/id/EdMcF

The Swiss Global Change Day is the annual event organised by ProClim to look beyond the horizon of climate and global change research with well-known experts, covering a broad range of topics. Benefit from this 'marketplace' event: Plenty of time is provided to present your own research or organisation with a poster or at a stand and to network with colleagues. The most attractive and comprehensive posters submitted by students or postdocs will be honoured with a travel award of 1000 francs.

Location

Freies Gymnasium Bern · Beaulieustrasse 55 · 3012 Bern

Please take bus no. 11 direction 'Neufeld P+R', get off at the stop 'Brückfeld'. The trip takes about 15 minutes from the main station.

Organisation
