General Assembly & Symposium 2025

Date

Friday, 21 November 2025, 12:15 pm - 6:00 pm

Venue

ETH Zürich, Institute for Atmospheric and Climate Science (IAC), Building CHN, Universitätstrasse 16, 8006 Zürich, Green Floor. [Directions](#)

The symposium is open to all who are interested in weather and climate. In particular, we invite professionals working in climate and atmospheric sciences including Master and PhD students, employees of private and national weather services, private companies dealing with climate and weather, and retired professionals. The symposium is free of charge, and coffee and snacks will be provided. SGM members and everyone interested in the SGM and its activities are invited to attend the general assembly prior to the symposium.

Please register until Sunday, 16 November 2025 at

https://sgm-meteo.ch/en/activities/registration_symposium_general_assembly

Table Talks

Master students from Swiss universities have the possibility to present the status of their master thesis to small groups of listeners. Each round of talks will last about 10 minutes and the audience is invited to learn more about the different projects, ask questions, and give the students some tips in this informal setting. Please indicate your contribution at the online registration.

SwissMeteoPhoto Contest

Submit your best photograph of a meteorological phenomenon observed in or around Switzerland! All entries will be rated by participants of the symposium, and the top three photos will receive awards. **Please note:** each participant may submit only one photo, and only entries from attendees physically present at the symposium will be considered for the competition. You can upload your image until Sunday, 16 November 2025:
