## Laboratory Animal Caretaker (100%)

The Comparative Biology Facility at the Institute for Research in Biomedicine (IRB, Bellinzona, Switzerland) is looking for a motivated animal caretaker to join the team operating in the structure.

The facility provides modern infrastructure, strict internal policies, experienced staff and well-trained personnel. It also works according to the 3R principle, the Culture of Care and in full respect of ethical standards and legal requirements.

For additional information on the Comparative Biology facility, please visit: [www.irb.usi.ch/facilities/comparative-biology](http://www.irb.usi.ch/facilities/comparative-biology)

### Qualification

We are looking for a person who is responsible, reliable, and keen to work in a consolidated team. Candidates must have a Degree in Scientific/Biological field or alternatively Diploma in Scientific/Agricultural field. Previous experience is desired, but not required.

Application for the position should include:

- a motivation letter;
- Curriculum Vitae;
- Training and work references.

Please send a single PDF file by email to: [sara.maffei@irb.usi.ch](mailto:sara.maffei@irb.usi.ch).
