

**First ProClim- Forum
Bern, Friday December 3, 1993
Climate Change - New Results**

The ProClim- Forum is a platform for the presentation of and reflection about important research activities in the field of Climate and Global Change. It also serves for other topics of broad interest for the Climate and Global Change research community. Proposals can be addressed to the ProClim- Kuratorium.

Climate Change - New Results

H. Oeschger

Introduction, New Directions in Global Change Research

Rapid Climate Change

Chair **H. Thierstein**

B. Stauffer

New Results from Ice Cores about fast Climate Change

J. Duplessy, France

Rapid Climate Change from Ocean Sediments

T. Stocker

Modeling of Dynamic Systems

Ch. Körner

Ecosystem Responses to fast Atmospheric Changes

Regional Impact of Global Climate Change

Chair **T. Gutermann**

H. Kolb, Vienna

Global Climate Change and the Eastern Alpine Region

H. Davies

From Global to Regional Climate Change

H. Wanner

Regional Climate Change in the Alps – Applications of different
Downscaling Techniques

A. Zehnder

Aspects of Global Change

Summary/Discussion
